Builder at heart with a tech background,
Quit my job at Oracle to build things I
enjoy. Extensively using AI products

Also, love to read/watch about politics,
public policies and movies.

Skills

Product Thinking	Problem-solving
Product Strategy	Problem Framing
Roadmapping	User Research
Prioritisation	UX Design
Market Research	Data Analytics
User Empathy	Leadership
Communication	Graphic Design

Tech Stack

PL/SQL	React.js
Javascript	ADF Framework
Java	C Programming
Python	HTML/CSS

Tools

Figma	Jira
Adobe Photoshop	Postman
Cursor AI	Notion
Google Analytics	Git
Lovable	

Learning

AI First Product Management: Airtibe

Completed 8 projects and 1 capstone
project as part of the course.

Experience

Product Consultant • Oracle FSS

July 2022 - Dec 2025

- Operationalized AI Adoption by using Cline + SQLcl MCP to automate patch prep and DB tasks, reducing manual effort 50% and speeding releases for AT&T and T-Mobile.
- Built prompt libraries and citation packs for internal teams (Jira comments, PRDs, runbooks) so AI tools could reliably reference the latest DB patch notes, release checklists, and RCA playbooks; cut back-and-forth queries by 100+.
- Partnered with cross-functional teams (QA, Dev, Client SMEs) to ensure smooth product integration and deployment.
- Drove rapid issue resolution (200+ fixes) through cross-functional coordination, maintaining 98% client satisfaction during critical upgrade cycles.
- Bridged technical and business stakeholders through clear PRDs and requirement clarification (100+ queries resolved), enabling engineering teams to ship features 20% faster.
- Managed end-to-end delivery of telecom-specific customizations, prioritizing 10+ high-impact enhancements that improved user experience and strengthened client retention.

Graphic Design Intern • Atomberg Technologies

Feb 2021 - May 2021

- Supported offline marketing product efforts by designing hoardings for retail outlets across India, enhancing customer engagement and in-store experience.
- Collaborated with the marketing team to define design requirements based on user psychology and visual brand consistency.
- Delivered 20+ campaign assets tailored to shopkeepers and regional preferences, increasing the adoption of branded materials.

Education

Government Engineering College

B.Tech in Computer Science

June 2018 - May 2022 • 8.64 CGPA

- PR & Design Lead, College General Elections – Led creative strategy for student council campaigns, increasing engagement through targeted visual communication.
- Creative Team Member, TEDxGECT & Cultural Fest – Designed and produced marketing assets and collaborated cross-functionally for large-scale college and university events (100K+ attendees).
- Executive Committee Member, ISTE – Supported planning and execution of technical workshops and speaker events, promoting peer learning and engagement in engineering innovation.
